

Weekly learning pack

FS1

Phonics

Task 1

1. Sing the alphabet song
2. Last week we introduced the first 6 letters of Phase 2 phonics: S, A, T, P, I, N. Play games that will allow your child to become comfortable in recognising these sounds. E.g. sound bingo. Make bingo sheets for the family, take turns in being the caller.
3. Mrs Whiteley has recorded the correct pronunciation of the sounds. Click on each sound to hear the correct pronunciation.

Challenge!

Can you **segment** the following words:
sat, tap, pat, pin,
nip, pan
sit, sip.

Maths

Task 1

1. Recite numbers to 10 and beyond. Practise this everyday encouraging your child to count as high as they can. Practise counting the steps whilst going up and down the stairs and count how many steps your garden path is etc..
2. Set a challenge to do within in 1 minute (e.g. how many star jumps can you do). Challenge other family members to do the activity too and record your results. Who did the most? How do you know? Repeat activity using a different challenge. Compare and discuss results – which challenge did you get the highest number in? Which did you get the lowest in? Can you beat your score?

Challenge!

Can you time yourself doing other things? Time how long it takes you to make your bed and put on your shoes!

Other areas of learning

Task 1 – The World/Writing

Shadows

Can you create your own shadow picture? How will you make your shadow? Natural light or a light in your home? How can you make your shadow shorter or longer?

Challenge!

Add detail to your shadow by adding features such as eyes!

Task 2 – Personal, Social and Emotional Development

Helping out

We have been safe inside our homes for a while now. Being at home all day means the house may need tidying more than usual. It is really important that we all help in the house. Could you help your adult? Maybe you could start the day by making your bed? Or you could help to wash and dry the pots (supervised by an adult).

Challenge!

Can you complete 5 tasks to help your adult? When you have done them give each other a big HIGH FIVE!

Task 3 – Expressive Arts and Design

'Staying home's got talent'

Put on a talent show for your family! What will your talent be? Talk to a grown up about possible ideas. Can you sing? Dance? Maybe you could juggle or train your pet to perform a trick! Spend the day practicing your talent and put on a show before bed time! Remember to upload your photographs and videos to tapestry!

**GOT
★
TALENT**

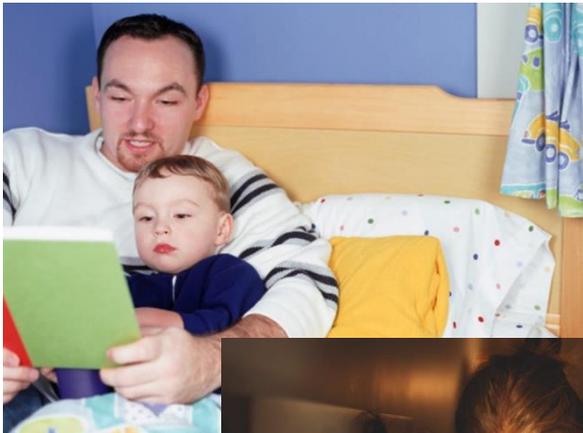

Challenge!

Can you make it a family show? Ask your grown ups and siblings to perform their own talent!

Task 3 – Reading

Read a bed time story. Choose your favourite story and ask an adult to read it to you at bedtime. If it is a story you read often you could help them to read the story by saying the parts you know.

Challenge!

In the morning can you remember anything that happened in the story? Retell the story to your adult.
