

Weekly learning pack

FS1

Phonics

Task 1

1. This week in phonics we would like you to recap on your sounds you have learnt.
2. We would like you to go on a phonics object hunt, this could be indoors or outdoors.
3. Write each sound on a piece of paper and set your child the challenge of finding objects that begin with each sound.
4. Previous sounds learnt are s, a, t, p, l, n, m, d, g, o, c, k.

Challenge!
Can you take a picture of your child's findings and post them on Tapestry for us to see?

Maths

Task 1

1. This weeks maths challenge is a colour hunt.
2. Challenge your child to find as many objects as they can that match to the colour you've stated.
3. Once your child has collected the objects and brought them back to the starting point challenge your child to count how many objects of that colour they have found.
4. Then ask your child to do this again with a different colour. Once your child has counted their second group of objects can they tell you which group has the most and the least?

Challenge!

For an extra challenge can your child compare more groups of objects? Perhaps 3 or 4 groups.

Other areas of learning

Task 1- Creative & small world

1. Using a box we want you and your child to create a scene to support your child's small world play.
2. This could be a garage for their cars, a jurassic world for their dinosaurs, a house for their LOL dolls, a school for their Peppa Pig toys. The possibilities are endless!!!
3. Don't worry if you don't have paint or paper all you need is a cardboard box (this could be a cereal box) and some pens or crayons.
4. Use your imaginations and get creating! We can't wait to see your creations on Tapestry!

Task 2- Sensory guessing game

1. Using a scarf or an eye mask cover your child's eyes. Encourage them to hold their hands out to feel an object you give them.
2. Encourage your child to describe how it feels (is it hard, soft, squishy, heavy, light?).
3. As your child feels the object encourage them to take a guess at what it is they're holding. Then take away the blindfold to see if they're right/

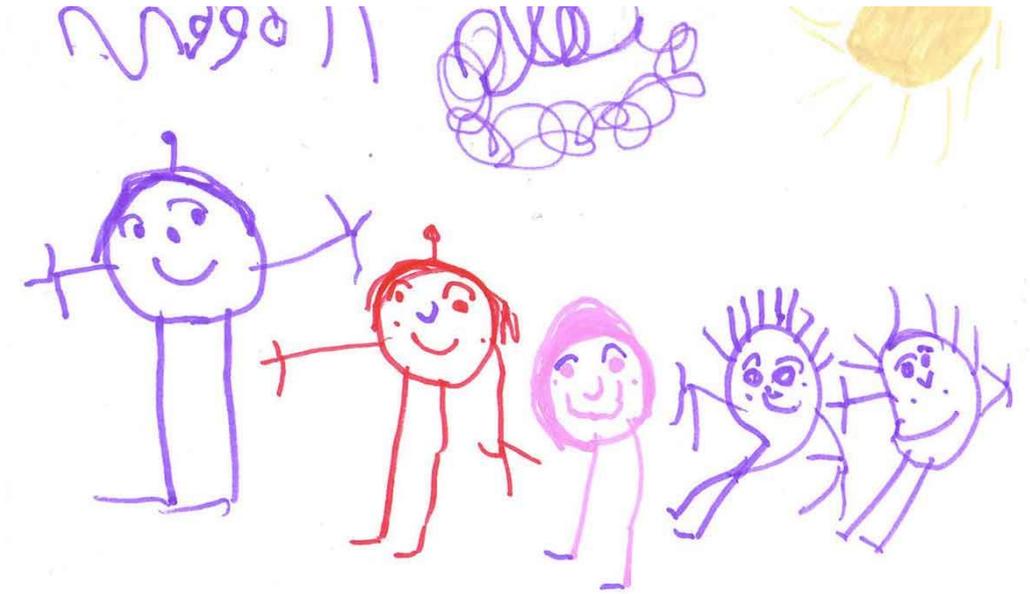

Challenge!

You could do a taste challenge. Give your child a piece of food to taste is it sweet, sour, savoury, salty?
Can they guess what it is?

This is a great way of getting your child to try new foods

Task 3- PSED- Talking to your Children

1. With the Government guidelines changing in the past week and the realisation that shops ect are opening again, discuss with your child what they are looking forward to doing the most when everything is re-opened and the restrictions are reduced.
2. You could also discuss with your child what their favourite part of the lockdown has been or what's their favourite day has been in lockdown, what did it consist of?

Extra Challenge!
For an extra challenge why not encourage your child to draw a picture of what they would like to do once lockdown is reduced.
