past _____

move _____

bath _____

hold _____

e
Which year 2 common exception word has Mr Whoops been juggling with?

f
Improve this sentence by creating an expanded noun phrase.

Selma went up to the _____

_____ attic.

Sharks

There are more than 500 different species of shark, including the great white shark, grey reef shark, hammerhead shark and tiger shark.

Where do they live?

Sharks can be found in every ocean.

The most shark attacks have been in Australia, South Africa, America and Brazil.

What do they eat?

Some types of shark can be deadly, but only about 12 species have ever attacked humans.

What sharks eat depends on its species and where it is.

Grey Reef Shark

School of
Hammerhead
Sharks

Most sharks are meat eaters so they like to eat fish and other sharks. Some larger sharks eat dolphins, sea lions and small whales.

Smaller sharks eat small aquatic life like clams and crabs.

Big Facts

1. A group of sharks is called a shoal, school or shiver.
2. Sharks have a skeleton of cartilage but no bones!
3. A baby shark is called a pup.

What are they good at?

Sharks can smell a single drop of blood in the water from 400 metres away.

They can hear fish moving from around 500 metres away.

Great white sharks can swim up to 18mph!

Amazing Fact!

Most shark species would die if they stopped moving. As long as they keep swimming, water keeps moving over their gills, which keeps them alive.

Task 4

Answer the questions below in full sentences.

1. Name two types of sharks.
2. What can you call a group of sharks?
3. What don't sharks have on their bodies?
4. What is a baby shark called?
5. Which countries have had the most shark attacks?
6. How many species of shark have ever attacked humans?
7. Name something a meat eating shark eats.
8. How fast can great white sharks swim?

Maths

Task 1: Continue practising times tables

Multiply by 3

1 Complete the sentences.

Write an addition sentence and a multiplication sentence for each picture.

There are equal groups of

There are equal groups of

There are equal groups of

Could you write the number sentences in a different way?

2 Write two multiplication sentences for each part of the question.

a)

b)

3 Complete the diagram.

4 Complete the number line.

Task 2

- 5 Eva is making a pattern using these shapes.

- a) What pattern could Eva make?
- b) Can you arrange Eva's shapes to make a symmetrical pattern?
- c) Compare answers with a partner.

Task 4

True or False ?

Measure mass in kilograms

A bag of apples weighs 4 kg.

White Rose Maths

The image shows a kitchen scale with a yellow dial and a blue base. Two bags of red apples are placed on the scale's platform. The dial has markings from 0 to 10 kg in increments of 1 kg. The red needle points exactly to the 4 kg mark.

True or false? Explain your answer.

Can you use scales at home to measure different foods?

OR

Can you create your own set of scales and ask your adult how much different items (that you have drawn) weigh?

Curriculum

Hull v Freetown

Sierra Leone

Our Partnership school in Freetown Sierra Leone is called Chosen Generation

The families have to pay fees for their children to attend Chosen Generation

On the next page are some photos that Mrs Greenfield took of the classroom that she worked in when she visited the school last year.

Compare the classroom in Sierra Leone to our classroom at Mountbatten

What things are the same (similarities) and what things are different?

Task 1

Similarities

Children wear school uniforms

Differences

Teachers use a chalk board in
Chosen Generation and we have
an interactive whiteboard

Science
